Comments:

Too many empty lines in html files make the code hard to read.

Lack of comments for functions in some javascript files (ex. landing.js)

No roadmap.

No lowfi & hifi

The date got wrong - I set the task for 23rd, but the record shows 21st, and the calendar shows 22nd.

The added task is not shown.

The added note for the goal is not shown.

Self Considerations

- ☐ What tools and frameworks are used? Are they difficult to pick up?
- ☒ At a glance:
 - ☒ ~~Would this project be fun to work on?~~
 - ☒ ~~How much more could we improve this project?~~
- ☐ Do we have team members familiar with specific tools/dependencies used?

Score (1-5, will be discounted by 50%): 5
